Diary Note: AusBiotech Ltd. 2010 National Conference

9 August 2010: AusBiotech announces its national conference, AusBiotech 2010: Creating Global Solutions, which will be held in Melbourne, Victoria from the 19 to 22 October. The premier biotechnology conference for Australia and the Asia-Pacific, AusBiotech 2010 will focus on the solutions that biotechnology is developing to deliver a better future.

The annual AusBiotech national conference, which attracts over 1400 delegates from across the world each year, is renowned for its agenda-setting programs, significant business analysis and world-class Business Matching Program.

This year, the conference program seeks to address the topical and challenging aspects of doing business in the key biotechnology sectors and driving partnering opportunities. AusBiotech 2010 will again see leading representatives from the global biotechnology industry, together with investors and business development professionals.

Following its success last year, AusBiotech 2010 will again be preceded by AusBiotech's Australasian Life Sciences Investment Summit, an invitation-only, one-day event which showcases the high calibre of investment potential in Australia's biotechnology industry to international investors.
