Title	AusBiotech - GlaxoSmithKline Student Excellence Awards
Description	Calling all life science, biotechnology and bio-engineering students to show off your research and apply for these prestigious awards. The award program aims to recognise and encourage promising research students and to raise awareness of research translation and applications. The awards are open in each state and territory of Australia. Six state winners will be invited to compete for the national title at the AusBiotech2011 Conference in Adelaide from 16 to 19 October 2011. Winners of the state awards will receive payment for travel, accommodation and registration to the conference. The national winner will receive a \$7,000 travel grant to be used to present their research at an international conference (conditions apply). In addition, the national winner's principal supervisor will receive a \$2,000 research grant.
