公司未上市

公司简介

Alcidion 是一家领先的智能信息处理服务提供商,旨在改善提高医疗保健水平,为临床医生提供决策辅助工具,确保患者获得最优质的医疗护理。Alcidion 通过向医生提供决策辅助工具并对患者护理、患者流动和患者安全等方面提出建议,有望帮助医疗机构实现优化管理,规避主要临床风险。

Alcidion 提供的解决方案,建立于下一代健康信息处理平台,集成了智能电子病历、临床决策辅助引擎及电子智能表格,着重解决急诊、住院及门诊部门中的关键问题。

关键技术或领先技术

目前,许多医院都面临着同样的挑战。所有的人都认同优质的护理、患者安全及高效的流程不可或缺。然而,现在大多数的医院仍然依赖于手动以及其他低效的流程来更新所有人的信息。而这直接会对患者的安全和患者流动造成风险。此外,随着人口不断老龄化,临床医生将越来越需要以较少的资源来管理照看更多的病人。

Miya 患者流动管理软件通过减少低效、繁琐的手续流程,自动识别并标记患者流动和安全方面涌现出的风险,帮助医院优化病人就医流程。

Company name: Alcidion Corporation

Key contact name: Nathan Buzza

Job title of key contact: Executive Vice President

Company website address: www.alcidion.com.au

Company address: 2/40 Greenhill Road, Wayville SA 5034

The company is Unlisted.

ABOUT THE COMPANY

Alcidion is a leading provider of intelligent informatics for high performance healthcare that empowers clinicians with decision support tools to ensure the highest quality of care for their patients. By providing clinicians with decision support tools and making recommendations about patient care, patient flow and patient safety, organisational efficiency may be optimised and key clinical risks eliminated.

Alcidion's solutions target key problems for emergency rooms, inpatient services and outpatient departments and are built upon a next generation health informatics platform, which incorporates an intelligent EMR, clinical decision support engine and electronic smartforms.

KEY OR LEAD TECHNOLOGY

Many hospitals today face the same challenges. Everyone agrees that quality of care, patient safety and efficiency are essential, yet most hospitals rely on manual and inefficient processes to ensure everyone has up to date information and that risks to patient safety and patient flow are swiftly acted upon. In addition, as the population ages, clinicians are increasingly asked to do more with less.

Miya Patient Flow helps hospitals to optimise the patient journey by reducing inefficient, highly transactional communication and automatically identifying and making visible emerging risks to patient flow and patient safety.
